

	GENERAL TERMS OF PURCHASE Terms applicable from 01/05/2026	Date: 18/05/2026
		Revision: 00
		Page 1 of 1

All orders placed by **JUX - INDUSTRIAL TECHNIQUE TOOLS** are subject to the general terms set out below:

1.- RECORDS

The supplier or subcontractor shall permanently retain the quality records relating to orders for customers in the aeronautical sector.

*Their destruction requires prior authorisation from **JUX - INDUSTRIAL TECHNIQUE TOOLS***

2.- DOCUMENTATION

The supplier or subcontractor shall send the Dimensional Reports and/or the product Certificates of Conformity if requested by the customer.

3.- NONCONFORMING PRODUCT

If nonconforming product is detected, the supplier or subcontractor shall report it and request approval from **JUX - INDUSTRIAL TECHNIQUE TOOLS** for its disposition.

4.- CONTROL OF CHANGES TO REQUIREMENTS

The supplier or subcontractor shall notify changes to the product and/or process, changes of suppliers and changes of location of manufacturing facilities and, where required, obtain approval from **JUX - INDUSTRIAL TECHNIQUE TOOLS**

5.- RIGHT OF ACCESS

THE SUPPLIER shall grant access to its facilities to representatives of **JUX - INDUSTRIAL TECHNIQUE TOOLS**, its customers and regulatory authorities who so request, at any level of the supply chain involved in the orders, and to all applicable records.

6.- PERFORMANCE MONITORING

In accordance with the supplier and subcontractor control process of the **JUX - INDUSTRIAL TECHNIQUE TOOLS** quality system, the supplier or subcontractor shall be continuously evaluated against criteria of service quality, compliance with agreed lead times and/or the products supplied.

7.- PREVENTION OF COUNTERFEIT PARTS

The supplier or subcontractor shall plan, implement and control processes, appropriate to the organisation and the product, for the prevention of counterfeit or suspect part use and their inclusion in products delivered to the customer.

8.- QUALITY MANAGEMENT SYSTEM

The supplier or subcontractor shall (whenever required) have a quality management system compliant with EN 9100 or ISO 9001, certified by an accredited third-party body.

The supplier or subcontractor shall take the necessary actions to ensure that persons within its organisation are aware of:

- their contribution to product or service conformity;
- their contribution to product safety;
- the importance of ethical behaviour.
